

Cheese Cakes

Cheese Cakes are a unique addition to any event. People choose them because they want something a bit different, because they aren't wild about fruit cake ... or because they just love cheese and want to get some visual value out of the cheese course. Decorate a cheese cake well and it'll be stunning, the center of attention. Teri, our cheese cake designer will be happy to design the perfect Cheese Cake for your engagement party, bridal shower, wedding, or any event. Please order at least 2 weeks in advance.

Planning a party? Fishpaws Marketplace has an assortment of cheese platters to meet your needs. Depending on the amount of people attending your event, the Fishpaws will create a platter for your desired number of persons. Each platter comes with an assortment of cheeses—all of which are labeled with descriptions—grapes, a variety of dried fruits or nuts and a secondary platter containing crackers and freshly cut bread.

Should you want a bit more variety, salami, pate or cured meats can be added to any platter for an additional charge. For your convenience, your platters can either be delivered or held at Fishpaws for you to pick up. To ensure the best possible quality, please place your order at least 48 hours prior to desired time of pick up or delivery. Prices range depending on cheese selection and number of persons. Call Fishpaws and speak with Teri Phoebus, Certified

Cheese Professional (410) 647-7363 to place your order today.,
